

Spring Break (March 26-30)

MAD SCIENCE CAMP

Join us for a week filled with mad science challenges and experiments!

Aerodynamics

Heads Up

Chemistry

GOOEY GOOEY SLIMEY FUN

Are you up to the challenge to build and test a kite, plane or parachute? How will yours fly? The furthest? The fastest? We can't wait to find out!

Do you like slime? See how different substances can change the property of slime. Will different substances make it stretch further? Can we make slime puffy or without glue? Join us to see the results!

Robotics

Red Hot ROBOTICS

Engineering

Have you ever wanted to build your very own robot from scratch? Build a bot that will buzz along the table like a bug. Can you make yours go faster? We will race them against each other to find out!

Building Quest!

In a race against the clock work with your team to explore building structures. Who can make the fastest marble roller coaster or tallest structure or a catapult that launches the furthest?

Molecular Gastronomy

What's in my food?

Calling all kids for a day of mad-delicious food experiments and cooking. Try our blindfolded taste test. Find out what makes cinnamon rolls rise. What happens when we change an ingredient?

Spring Break March 26th - 30th, 2018

Bellehaven Elementary

8701 Princess Jeanne St. NE

Weekly Rate 1st Child \$121.00 Sibling \$109

Morning and afternoon snacks provided. Parents will need to provide a sack lunch and a drink for their child.
